[Email Molly](#)

As Head of Research and Information Services, I collaborate with colleagues across the library and Feinberg School of Medicine units, and contribute to the research, educational, and clinical support services through teaching, outreach, research consultations, and literature searches. The Research and Information Services department comprises several areas including; clinical informationist services, educational programming and curriculum support, literature search services, research support and reference services, systematic review services, and a robust liaison librarian support program.

Liaison Areas

Departments

Obstetrics & Gynecology

Centers and Institutes

Center for Bioethics and Medical Humanities

Center for Clinical Research

Center for Education in Health Sciences

Center for Engineering and Health

Center for Health Information Partnerships

Women's Health Research Institute

Programs

- MD Program

- Health Sciences Integrated PhD Program
- Master of Public Health (MPH)
- Master of Genetic Counseling
- Master of Science in Health Services Outcomes and Research
- Master of Science in Healthcare Quality and Patient Safety
- Master of Science in Regulatory Compliance
- Master of Science in Reproductive Science & Medicine (MS-RSM)
- Physician Assistant
